TO THE FLOOR

Sheriff Rob Corley gave the April patrol report for Friendsville. He asked the town council to consider whether they wanted to participate in the new ATV regulations for the county. The towns can elect out if they chose. Effective October 8, 2017, ATV's will be permitted to ride on the road providing they have an operator's license, carry insurance and obtain a county permit. They cannot exceed 25 miles per hour, must ride on the farthest edge of the road and are limited to riding 2 miles on the road at a time. There was also a discussion on the recent thefts in the community. Sheriff Corley stressed the need for residents to document their items (serial numbers, video's, put initials on equipment, etc.) so if they are stolen they can be identified and returned.

Marci McClive came before council to thank them for everything they did in helping to make the Celtic Festival a great success. They estimated 1,000 in attendance with 50 free town tickets being used. Marci stated they would be leaving the head start building and need to purchase a storage unit to store their items. Would the town allow them to place it on town property? The council will discuss and leave her know their decision. They want to hold the festival in the park again on June 2, 2018.

Pam Gooch and Jennifer Glotfelty came before council requesting if they would consider increasing their donation and asking for help by council. This will be discussed later in the meeting and we will let them know council's decision.

Randy Humberson presented the Certificate of Insurance from the Lion's Club for the functions they are helping with and for the Lion's Club concession stand. He also presented a check in

the amount of \$257.65 for money owed for reimbursement of electric for the concession stand and \$100 for the annual use of the building.

Terry Spear came before council for several reasons. First to let council know that he and daughter Caitlin McCormick are donating flowers for the Steele Cemetery. He also wanted to ask on behalf of the fire department for a donation for the 52nd annual Fiddle/Banjo Contest on July 15th. They are receiving a grant from the Garrett County Arts Council. They would like to have \$400 but would appreciate anything we could give. This will be discussed later in the meeting.
